RIISING OF KAFFIRS

Another Danger Besets the Proud British Empire.

RUMOR CREATES ANXIETY.

Such an Event Would Prove Most Disastrous at This Time.

HOSTILE EUROPE BEING WATCHED.

Possible Naval Combination Between France, Germany and Russia to Head Off South African Reinforcements—General Buller's Successor.

London, Dec. 18.—That Lord Roberts of Kandahar and Lord Kitchener are considered the right men to retrieve the disastrous situation in South Africa is amply evidenced by the more cheery tone of all the war discussion. In spite of the attempts of the authorities to gloss over the supersession of General Buller, the fact remains that the new appointments can not be regarded otherwise than as a penalty for his failure.

A semi-official communication says: "The disposition to regard the change as a reflection on General Buller is entirely erroneous. As the forces engaged in South Africa increase, officers of higher rank are naturally appointed to the supreme command." The communication then instances the successive steps of General Symonds to Generals White and Buller and now to General Roberts.

In spite of the plausibility of argument everyone recognizes that it is not the whole truth. The friends of General Buller see in the headlong plunge of the cabinet a suspicious panic, and the picture of hasty conclaves and ministers with blanched faces telegraphing to Roberts and Kitchener to come and save the empire. While perhaps these are overdrawn, there is no denying that the prodigious exertion which the government considers necessary to crush the two little republics shows that even sedate Lord Salisbury sees the extreme gravity of the present aspect of affairs. Probably the ministers remembered the peril which the public seem to have forgotten, of a possible rising of the Kaffirs. Indeed, unpleasant rumors are already current in this direction, which would be infinitely more serious than a rebellion of the Dutch.

General Lord Roberts and his staff will sail for South Africa on the Duntar Castle Saturday.

Lieutenant the Honorable F. H. S. Roberts, son of Baron Roberts, of Kandahar and Waterford, and who was wounded in the engagement at Tugela river, is dead.

Wild rumors were circulated on the stockexchange that Queen Victoria was dead and that Kimberley had surrendered. Investigation disproved the former story.

Boers Cannot Be Whipped.

Paris, Dec. 18.—M. DeLong, manager of the dynamite factory at Modderfontein, in the Transvaal, is here. He says that the British government can have no idea of the vast extent of war preparations that the Boers have been quietly making for years. Even should the Boers be driven out of Natal, he points out, no British army could ever hope to enter the Transvaal and survive. He asserts that the forts at Pretoria and Johannesburg are as strong as any fortresses in the world and have within the last month been rendered absolutely impregnable. M. DeLong adds that the governments of the Boer republics are showing a great economy of strength, and have not used a third of their military resources.

Will the Powers Dip In?

London, Dec. 18.—There is no alleviation of the gloom and panicky feeling caused by General Buller's reverse. The British forces in India can not be further depleted by drafts for South Africa, and the possibility of complications along the Mediterranean renders the reduction of the garrison in Egypt too risky, although General Kitchener is going as Lord Roberts' chief of staff. Fear is expressed that the German navy may be used in conjunction with those of Russia and France to exert pressure to prevent reinforcements reaching South Africa. Changes in the present ministry are also rumored.

Predicts International War.

Chicago, Dec. 18.—"If Great Britain

is ultimately successful in South Africa the powers of the world will unite to resist successfully her advance. A coalition will be formed against British domination." The foregoing statement was made by Dr. E. Benjamin Andrews, former president of the Brown university and now superintendent of the Chicago public schools, in an address here on "The War in South Africa." He announced that from the moment Kruger's followers surrendered, England would necessarily come in conflict with other powers in carrying out its plans of colonization.

Chamberlain's Degree.

Dublin, Dec. 18.—At Trinity college the honorary degree of doctor of laws was conferred on Joseph Chamberlain, British secretary of state for the colonies. The students made a demonstration at the mansion house, where they tore the green corporation flag to shreds, and caused other damage, the police being forced to intervene. A great crowd soon collected and the students sought safety in the college grounds.

Interrupted by a Cyclone.

New York, Dec. 18.—The Commercial Cable company issued the following notice: "We are advised that the cable between Mozambique and Lorenzo Marques is interrupted. A terrific cyclone at Mozambique has caused interruption of the Delagoa bay cable, houses have been blown down and ships in the harbor have been wrecked. The telegraph station was unroofed, but the instruments were saved."

Kitchener's Departure.

Cairo, Dec. 18.—General Lord Kitchener, who has been appointed chief of staff of General Lord Roberts of Kandahar, the new commander-in-chief of the British forces in South Africa, leaves Omdurman Tuesday and will arrive here Friday. He will start for Cape Town as soon as possible.

Buller's Losses.

London, Dec. 18.—General Buller reports to the war office that his losses in the engagement near Tugela river were: Killed, 82; wounded, 687; missing, 348—a total of 1,097. Many officers are among the fallen.

General Lee's Expectations.

Havana, Dec. 18.—General Fitzhugh Lee is one of the department commanders whose private opinion regarding Major General Wood's promotion to the supreme command of the island will not cause him to ask to be relieved. He gave a prompt negative to the report, saying he had no expectation of being relieved of his present command, which includes Pinar del Rio and Havana provinces outside of the city. General Lee is confident that the president will ultimately provide for him as brigadier general in the regular army preliminary to retirement and he does not look for further active service outside of Cuba.

Collision on the Rail.

New Albany, Ind., Dec. 18.—Engine No. 19 of the Air Line road and a Pennsylvania suburban train, running between Louisville and New Albany, collided here. The Pennsylvania train consisted of an engine and two coaches. It had 150 passengers. One of the coaches was struck in the center and thrown over on one side, knocked off the trucks and badly demolished. Ten passengers were slightly injured, mostly women.

Demands of Weavers.

Philadelphia, Dec. 18.—An amended scale of wages has been decided upon by the cloth weavers of this city and will be presented to the manufacturers during the current week. The scale calls for a general increase of 15 per cent. The weavers announce that if their demands are not complied with before January 1 a strike will be ordered. About 3,000 weavers and 7,000 mill hands will be affected if this action is taken.

Federation of Labor.

Detroit, Dec. 18.—The various grievances of bodies connected with the American Federation of Labor were aired in executive session. Before this action the convention listened to an extended debate on the long mooted question of permitting membership in the federation to persons affiliated with the Knights of Labor. The matter did not reach a vote.

Cubans and Independence.

Havana, Dec. 18.—General Lee favors permitting the Cubans to hold a constitutional convention when the census is completed on the ground that Cubans will be as competent for independent government as they will be in 10 years from now, but he would not withdraw American troops while the experiment is being tried.

Lorain, O., Dec. 18.—An axle broke on a Nickel Plate freight car on a westbound freight and six cars were badly wrecked and blocked the road for six hours. The track was badly torn up.

IT PASSED THE HOUSE.

New and Mooted Currency Measure Is Now Half a Law.

ELEVEN DEMOCRATS VOTED FOR IT

Speaker Henderson Announces the Chairmanship of the Various Committees—Proceedings of a Day in Congress.

Washington, Dec. 18.—Almost every seat in the hall was occupied when the house convened. The vote upon the currency bill, which was to be taken immediately after the reading of the journal, was responsible for the full attendance. Neither a motion to recommit nor an offer of a substitute was in order by the terms of the special rule under which the house was operating.

Mr. Gaines (Tenn.) asked if it was in order to recommit with instructions to report back a free coinage bill. "It is not," replied the speaker. The bill was then read a third time and placed upon its final passage.

"I demand the yeas and nays," said Mr. Overstreet (Ind.) in charge of the bill. Members rose on both sides en masse to second the demand.

"Evidently a sufficient number," said the speaker. "The clerk will call the roll."

The roll call was followed with great interest. There were no demonstrations when the Democrats who broke away from the majority of their party voted in the affirmative. The clerks called the names of the Democrats, who declined to respond twice on each roll call. Every Republican voted for the bill. When the speaker announced the passage of the bill by a vote of 190 to 150 the Republicans broke into cheers.

The Democrats who voted for the bill were: Clayton (N. Y.), Denny (Md.), Driggs (N. Y.), Fitzgerald (N. Y.), Levy (N. Y.), McAleer (Pa.), Ruppert (N. Y.), Scudder (N. Y.), Thayer (Mass.), Underhill (N. Y.), Wilson (N. Y.), 11.

The speaker then sprung a big surprise on the house by announcing the committees. When the committee on ways and means was read Mr. Bailey (Dem., Texas) asked whether the name of Mr. Wheeler of Alabama was included in the list. "It is not," replied the speaker.

There was no demonstration during or at the conclusion of the reading of the list of committees. Mr. De Armond (Mo.) then announced the death of the late Representative Richard P. Bland, which occurred last summer, and after the adoption of the customary resolutions of regret, the house at 1:05 p. m. adjourned.

The chairmen of various committees, as announced by Speaker Henderson, are as follows: Elections No. 1, Robert W. Taylor, Ohio; elections No. 2, Walter L. Weaver, Ohio; ways and means, Sereno E. Payne, New York; appropriations, J. G. Cannon, Illinois; judiciary, George W. Ray, New York; banking and currency, Marriott Brosius, Pennsylvania; coinage, weights and measures, James H. Southard, Ohio; interstate and foreign commerce, William P. Hepburn, Iowa; rivers and harbors, Theo. Burton, Ohio; merchant marine and fisheries, C. H. Grosvenor, Ohio; agriculture, J. W. Wadsworth, New York; foreign affairs, J. W. Hitt, Illinois; military affairs, J. T. A. Hull, Iowa; naval affairs, C. A. Boutelle, Maine; mines and mining, R. O. Crump, Michigan; patents, W. S. Herr, Ohio; pensions, H. C. Loudenslager, New Jersey; immigration and naturalization, W. B. Shattuc, Ohio.

IN THE SENATE.

Philippine Resolution and Boer Petitions the Features of the Day.

Washington, Dec. 18.—President Pro Tem Frye presented in the senate a memorial elaborately bound and engrossed by the citizens of Hawaii, adopted at a meeting in Honolulu on July 4 last. The memorial asked that the territorial laws of the United States be extended to Hawaii. The memorial was referred to the committee on Pacific islands and Porto Rico.

Mr. Mason (Ills.) presented numerous petitions expressing sympathy with the South African republics in their war with Great Britain.

Mr. Tillman (S. C.) offered a resolution declaring that under the constitution the federal government had no power to rule over colonial dependencies and maintaining further, "that we are opposed to the retention of the Philippine islands by the United States and that it is our purpose to consent to the independence of the Filipinos

as soon as a stable government shall be established by them, and toward the prompt establishment of such government we pledge our friendly assistance." Mr. Tillman asked that the resolution lie on the table as he desired to address the senate upon it.

Mr. Thurston (Neb.) presented the credentials of his recently appointed colleague, Former Senator W. V. Allen, and they were read. Governor Poynter's committee named Mr. Allen as senator until his successor should be elected and had qualified. To this Mr. Chandler (N. H.) took exception, pointing out that Mr. Allen could hold his seat only until the legislature should meet. "Of course," said Mr. Chandler "that part of the credentials must be regarded as void."

CAR OVERTURNED.

Nine Section Laborers Badly Crushed, Two Fatally.

Jackson, Miss., Dec. 18.—While a gang of section laborers were unloading a car of steel rails near Andling, La., the car overturned, instantly killing Henry Carpenter and Tom Mitchell, and seriously injuring seven others, two of whom are expected to die.

The car was standing on an uneven track and the laborers had taken the rails from the high side, bringing the weight on the lower side and causing the car to fall from the track.

Tragedy in Court.

Dallas, Texas, Dec. 18.—The trial of Dr. S. M. Jenkins, charged with murder and abortion, came to a sudden and tragic ending when Hugh Wheat, 23, brother of Mary Wheat, one of the doctor's alleged victims, shot and seriously wounded the defendant in a crowded courtroom. When Wheat fired he dropped the pistol and ran toward the door. John Halligan, brother-in-law of Jenkins, caught up the pistol and fired at Wheat, missing him. Wheat and Halligan were put in jail later.

Suicide of Mrs. Chinn.

Macon, Mo., Dec. 18.—Mrs. G. W. Chinn, wife of Shelby county's representative in the legislature, committed suicide at her home in Clarence by cutting her throat with a case knife. Mr. Chinn was at the Sunday school, of which he is superintendent, and he found his wife alive on his return, but she died soon after. The deceased left a note stating she could not longer endure her troubles, which is supposed to refer to her ill health.

Relations Not Strained.

Washington, Dec. 18.—M. Rouwotzky, the agent of the ministry of finances of Russia, in Washington, in a communication, which has received the approval of the Russian ambassador, complains of the attempts which, he says, were made in Europe recently, to create in this country the impression that the relations between the governments of Japan and Russia were strained.

Denounced Christmas.

Chicago, Dec. 18.—In Sinai temple Rev. Dr. Emil G. Hirsch, the most prominent Jewish clergyman in Chicago, denounced the celebration of Christmas by the Jews as a day of rejoicing. He declared that every true Jew, remembering history, and knowing that the day is one of persecution of his people in Europe, should observe the day not in gladness but in sorrow.

Father and Children Killed.

Louisia, Ky., Dec. 18.—A sad accident occurred near Alliance postoffice, Floyd county, resulting in the death of Nelson Hamilton and three of his children. Hamilton, who was preparing to do some blasting, was pouring out some powder from a keg when his 4-year-old son picked up a small amount and tossed it into the fire. Then the keg was exploded and house took fire.

A False Report.

Madrid, Dec. 18.—Senor Silvela, the premier, replying to a question on the subject in the chamber of deputies, said the report of an alliance between Spain and Russia, based upon the cession of Ceuta, the Spanish seaport town, in Morocco, opposite Gibraltar, was without foundation.

Death of a Prisoner.

Salt Lake, Utah, Dec. 18.—John Smith, who was convicted of attempting to dynamite Judge O. W. Powers, and who took morphine with suicidal intent, Saturday, died. Smith declared that his real name was Louis James, and that he was a cousin of Jesse and Frank James.

Lieutenant Thomas M. Brumby, flag lieutenant to Admiral Dewey, is dead at Washington after long illness.

Attorney Dudley Ferguson shot and killed Detective Gus Meehan at Cincinnati. The latter was engaged in "shadowing" the former.

Fire destroyed the factory of the Duluth (Minn.) Boot and Shoe company. Fireman McVitte was killed by falling walls and two others injured.

TO EXAMINE ITS BOOKS

Produce Exchange Trust Company Has Closed Its Doors.

PAYMENT TEMPORARILY SUSPENDED.

It Does a General Banking Business And Is a Depository For Public Moneys—Brokerage Firm Embarrassed.

New York, Dec. 18.—The Produce Exchange Trust company of this city has closed its doors. A notice upon the doors states that the company has suspended payment pending an examination of its books. The company's total liabilities are placed at \$8,319,600 and total assets at \$11,360,500.

The Produce Exchange Trust company was organized a couple of years ago with a capital of \$2,500,000 and had a reported surplus and undivided profits at this time of over \$2,500,000. Its business was chiefly with merchants, tradesmen and corporations in its immediate vicinity, and it was also supposed to do some of the banking business of the Standard Oil company. It had been designated by the banking department of the state as a legal depository for state monies and municipal monies, as well as for the funds of savings banks and state banks.

The officers of the company are: President, Turner A. Beall; vice presidents, Edwin Gould, Thomas A. McIntyre and S. D. Scudder; secretary-treasurer, S. L. Chamberlain; assistant secretary-treasurer, William Laws.

Armour to the Rescue.

Boston, Dec. 18.—The financial situation, in so far as it relates to the great packing house of John P. Squire & Company, which has failed for \$3,000,000, has been greatly helped by the action of Armour & Company of Chicago, who, it is stated, have come to the assistance of the stranded company. It is understood that enough money has been gained to make the company go along without much further trouble.

Bankers Suspend.

New York, Dec. 18.—The suspension of the firm of Henry Allen & Company, bankers and brokers, has been announced on the stock exchange. The suspension is attributed to the failure of some of its customers to respond to calls for additional margins made necessary by recent declines. The house has been known as a trader on rather an extensive scale.

Stock Market Panicky.

London, Dec. 18.—The stock market closed with general gloom and semipanic. The realization of the cost of war in men and money again brought the monetary position into prominence. It was seen that the funds required must necessarily be much larger than originally estimated, hence a rush to unload.

New York Money Market.

Washington, Dec. 18.—It is stated at the treasury department that inquiry is being made as to the financial situation in New York and that it has not been determined whether the government will undertake to relieve the market, or if so, what the nature of the relief will be.

Michigan Legislature Meets.

Lansing, Dec. 18.—The Michigan legislature met in special session in response to call of Governor Pingree. The governor's object is to secure passage of a joint resolution providing for submission to the people at the general election next November of an amendment to the state constitution placing railways upon the same basis for taxation as all other property. At present the railroads pay specific taxes upon gross earnings.

Real Shooting on the Stage.

Phoenix, Ariz., Dec. 18.—During a performance by the "Three Musketeers" company, two actors, Paul Gilmore and David Halbert, were seriously shot. Real cartridges had accidentally been placed in the revolvers used in a shooting scene. A panic was narrowly averted among the auditors. The tragedy was due to the mistake of a small boy sent to purchase "blanks."

Steamer Burns.

New Madrid, Mo., Dec. 18.—The steamer State of Kansas of the Tennessee River Packet company burned to the water's edge. All the passengers escaped, but several hundred bales of cotton, considerable freight and baggage was destroyed. Total loss is estimated at \$500,000.

Three children of Samuel Reynolds were burned to death in a fire which destroyed the home in the absence of the parents at Nicholasville, Ky.

WEATHER FORECAST FOR KENTUCKY—Colder Tuesday, with showers in eastern and fair in western portions; Wednesday fair; colder in eastern portion; southerly, shifting to western winds.

JUNE GAYLE WON in a walk in the Seventh district Monday, and succeeds the late Evan Settle in Congress. His majority is about 4,000. Owens carried but on county—Fayette.

Our gold bug friends continue to assure us there is abundance of money in the country, but Mr. McKinley's Secretary of the Treasury seems wholly incapable of relieving the "tightness" on Wall Street.

THE Indiana State Canners' Association bears witness to the extortion of the tin-plate trust, paper trust and lumber trust. It announces that owing to the increased cost of cans, labels and cases the cost of canning is increased 17½ cents per dozen cans, and the selling price of the goods will be increased accordingly. But how are the trusts to pay dividends on their millions of watered stock, if they don't whack up the prices on their products?

GOVERNOR TAYLOR has started the pardon mill and the first he granted was to a man whose hands were red with human blood. Ex-Magistrate McNamara, of Lexington, is the individual pardoned. The Governor's action is bitterly condemned. There are several other charges against McNamara, and he will have to remain in jail some time yet unless Taylor grants him another pardon. It was openly talked of at Lexington that Taylor pardoned McNamara in order to insure Bill Owens some help Monday at the special Congressional election in that district. If this was his object he evidently miscalculated the feeling at Lexington.

WASHINGTON, Dec. 18.—It is stated at the Treasury Department to-day that inquiry is being made as to the financial situation in New York, and that it has not been determined whether the government will undertake to relieve the market, or, if so, what the nature of the relief will be.

Wall street seems to have got Mr. McKinley and Mr. Gage just where it wants them. The speculators are having a merry time of it these days. They are no doubt in a position to start a financial panic any day, and they are forcing the Government to come to their "relief" just when they please. Here's its latest show down:

WASHINGTON, Dec. 18.—The Secretary of the Treasury came to the rescue of the Wall street capitalists once more to-day. He announced at the close of business to-day that he will increase the funds in existing depository banks, and will create new depositories.

To such banks the internal revenue receipts estimated at a million dollars per day will be distributed. The large balance will enable the Government to deposit thirty or forty millions if needed.

It should be borne in mind that this is the third time within a month, the second within a week, that Mr. Gage has gone to their "relief," but the market is "tighter" now than a month ago. Our gold bug friends are having a time of it.

COMING CONGRESSIONAL CONTEST.

Judge Phister Names Mr. James N. Kehoe as the Next Nominee in This District.

[Enquirer]

Judge Thomas F. Phister, of Maysville; Mr. J. T. Long, of Iron Gap, Tenn.; Mr. David Frazee, of Maysville, and others interested in the great colonization company that has purchased 40,000 acres near Winchester, Tenn., are at the Grand perfecting the organization of the scheme, which will be in full operation by the first of the spring. Mr. John Eberly, of this city, is manager, and a number of Cincinnati parties are interested. A number of colonists will go from Cincinnati and adjacent territory. The company has already arranged for the building and operation of a shoe and furniture factory. Speaking of political matters Judge Phister said:

"If the pending gold bill is passed in Congress it will help the silver cause, for it will take the mask from the Republican party which proclaimed in its last national platform that it was only awaiting an opportunity to give bimetalism a fair show. Yes, I think silver is holding its own in Kentucky. I do not know of a silver man who has changed his views, and I will be frank and say that I don't know of a gold man either who has been converted. It is my opinion that Hon. J. M. Kehoe, of Maysville, will again be a candidate for the Democratic nomination for Congress in the Ninth district, and will be elected with ease."

TO GET EVEN.

It is Said Republicans Will Put the Goebel Election Law to a Test in Congress.

NEW YORK, December 17.—A Washington dispatch to the Herald says:

There is considerable talk in Congressional circles about putting a national test to the Goebel law of Kentucky by the House of Representatives refusing to recognize the credentials of the successor to the late Evan Settle from the Ashland district.

It is a foregone conclusion that ex-Judge Gale, a Democrat, will be elected to this vacancy at the special election tomorrow. Under the Goebel law he must obtain his certificate of election from the Goebel Election Commission instead of from the Governor of the State. The Constitution of Kentucky provides that certificates of election shall be issued by the Governor.

On the ground that the Goebel law, under which the Democratic Legislature was elected, before which Goebel will make his contest to oust Governor Taylor, and which will elect a United States Senator, is unconstitutional, it is proposed in retaliation for the Democratic proceedings against Governor Taylor to refer Mr. Gale's credentials to a committee, which will investigate the Goebel law, both to affect the seat in the House and the United States Senatorship.

THE big revival meeting at Huntington, W. Va., recently mentioned has just closed with 153 additions to the Central Christian Church, of which Elder A. E. Zeigler, formerly of Orangeburg, is pastor. He was assisted by Evangelist S. M. Martin and by J. H. Rosecrans, who had charge of the singing. The meeting was one of the greatest ever held in that State.

OUR HOLIDAY OFFERING, THE SEASON'S SUCCESS.

THE LITTLE MINISTER

WEDNESDAY EVENING, DECEMBER 27.

The Millersburg high school building burned Saturday night. No one was hurt. The loss was total.

Putting food into a diseased stomach is like putting money into a pocket with holes. The money is lost. All its value goes for nothing. When the stomach is diseased, with the allied organs of digestion and nutrition, the food which is put into it is largely lost. The nutriment is not extracted from it. The body is weak and the blood impoverished.

The pocket can be mended. The blood can be cured. That sterling medicine for the stomach and blood, Doctor Pierce's Golden Medical Discovery, acts with peculiar promptness and power on the organs of digestion and nutrition. It is a positive cure for almost all disorders of these organs, and cures also such diseases of the heart, blood, liver and other organs, as have their cause in a weak or diseased condition of the stomach.

ANOTHER HOME SADDENED

By the Loss of a Loved One—Death of Miss Mabel Berry Monday Evening.

Miss Mabel Dye Berry, whose critical illness was mentioned in the BULLETIN Monday, died last evening at 6:20 o'clock at the home of her parents, Mr. and Mrs. W. T. Berry, 221 Wood street, Sixth ward. Her health had been failing for three or four months. Monday morning at 3 o'clock her condition became alarming. Loving hearts left nothing undone to stay the hand of death, but to no avail, the end coming at the hour named.

Miss Berry was the second daughter of Mr. and Mrs. Berry, and was 17 years of age. She had been a favorite among her acquaintances from her childhood days, and the sincere sympathy of a wide circle of sorrowing friends goes out to the stricken home.

The funeral will take place Wednesday afternoon at 2 o'clock at the family residence, Rev. J. W. Porter officiating. Burial in the Maysville Cemetery.

Mr. C. P. Huntington has spent up to date \$17,000,000 on his shipyards at Newport News and has work enough on hand to keep the yards going if nothing should come in. He is now figuring on transferring to that point an armor plant that will give employment to 2,500 people.

The marriage of Miss Bettie Peather of Mayslick to Mr. Braden H. Stevens of Cynthiana will be solemnized to-morrow at the Gibson House, Cincinnati.

BORN, Dec. 10th, to the wife of Mr. "Button" Chamberlain, of Oldham County, a fine son.

Laycock, of Cincinnati, but a letter just received states that they will not be able to visit Maysville on account of the serious illness of their daughter, Mrs. Edwin Hanaford. DIED IN MISSOURI.

William Harrison Richardson, a Native of This County, Passes Away—Brother of N. H. and Jos. A. Richardson.

Messrs. N. H. and Joseph A. Richardson, of Jersey Ridge, received the sad news yesterday of the death of their brother, Mr. William Harrison Richardson, at his home in Missouri, aged sixty-six years. He had resided in Van Buren, Missouri, since the close of the Civil war through which he served in the Confederate army.

Deceased leaves a wife and five grown children, three sons and two daughters. His death makes the third in the family within the past year, his sisters, Mrs. Dr. Proctor, of Elizaville, and Mrs. Dulcena Snelling, of Missouri, having died a few months ago.

Glorious News

Comes from Dr. D. B. Cargile, of Washita, I. T. He writes: "Four bottles of Electric Bitters has cured Mrs. Brewer of scrofula, which had caused her great suffering for years. Terrible sores would break out on her head and face, and the best doctors could give no help; but her cure is complete and her health is excellent." This shows what thousands have proved,—that Electric Bitters is the best blood purifier known. It's the supreme remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates liver, kidneys and bowels, expels poisons, helps digestion, builds up the strength. Only 50 cents. Sold by J. J. Wood & Son, druggists. Guaranteed.
